

SPAIN, EXPERIENCE IT!

**HIGH SCHOOL PROGRAMME
2025 - 2026**

WELCOME TO LANGUAGES ON BOARD

OVER 35 YEARS OF EXPERIENCE ORGANIZING
LANGUAGE PROGRAMMES IN SPAIN AND ABROAD

CAMINO ALGORRI AND CARLOTA SAIZ ALGORRI

In our experience as foreign language teachers (Spanish, English and German) in different educational centers: Juan del Enzina High School (León, Spain), Modern Languages Center at the University of León (Spain), Universität Passau (Germany), University of Washington (Seattle, USA) and Brains School (Madrid, Spain), we can confirm the urgent need for students to put into practice the acquired linguistic knowledge outside school. During their stays abroad, students experience an enriching personal growth at the same time their motivation for improving their language skills increases. Spanish is an important language of international communication and, therefore, its mastery is essential in a professional world as competitive as the current one. Thanks to our established relationships with local families and high schools, we are able to offer a truly amazing and indescribable experience in our homeland, Spain.

Director and CEO

OVER 35 YEAR OF EXPERIENCE

We continue to offer our programme in the Island of Jersey (Great Britain), considered a "CLASSIC" for its magnificent welcoming since the late 80s.

We have promoted English courses for teenagers and adults in Malta, Great Britain (Bristol, Warminster, Oxford, Isles of Jersey and Wight), Ireland and the USA (Miami, Fort Lauderdale, Philadelphia and New York).

We have also welcomed American, Austrian, German, Italian and French students as part of our language and culture programmes in Spain.

A high percentage of our students participate in our programmes between 3 and 5 years. Our goal is to create ever-lasting relationships with our students and their parents to ensure the best experience of their lives.

CHOICE OF OUR DESTINATIONS

1. Security and size: safe cities that allow students to adapt to the new environment smoothly and to foster their personal development.
2. Location and transportation: great location to make it easy for students to move around the city and to explore others.
3. Linguistic purism: places where the students are exposed to the purest Spanish to facilitate the practice of the language.
4. Climate: places where the weather allows students to enjoy all the attractions the city can offer.
5. Leisure: cities with many things to do in your spare time related to culture, history and enjoyment.

ABOUT LANGUAGES ON BOARD

Our limited number of programmes and students allows us to take care of every single detail. We put QUALITY before QUANTITY.

HIGHLY PERSONALIZED PROGRAMMES

We offer advice and follow-up individualized information about our programmes at all times. We are in direct and permanent contact with our parents and students to assist and provide them with the support needed. We walk parents and students hand-in-hand throughout the entire programme process.

Our summer programmes: classes with activities and excursions, immersion with a host family and leader in training, as well as our high school programme, have the objective of covering the different needs of students in various destinations.

Throughout numerous decades hundreds of families from all over Spain and abroad have placed their trust in us and our wide knowledge, and have recommended us to their family, friends and coworkers.

High School Programme Madrid 2025-2026

Languages on Board - Spain, experience it! offers a unique high school programme where students have the opportunity to spend their academic year at a local public high school in Las Rozas (Madrid). This programme is designed to immerse students in the Spanish lifestyle by living with a caring Spanish family, interacting with Spaniards and enjoying the authentic Spanish cuisine while experiencing an unforgettable year abroad.

PROGRAMME

Throughout your time in Spain, you'll have the opportunity to improve your Spanish, familiarize yourself with the Spanish culture and traditions, and discover our wonderful landscapes. With a population of almost 100,000 inhabitants and only 15-minute drive to the city center of Madrid, Las Rozas is a privileged and affluent place to live and study. You will enjoy an excellent quality of life thanks to its outstanding safety and wide range of services. Studying in Madrid is a great choice, and Spain's capital is the destination for many people from other parts of Spain and overseas who want to study away from home. Madrid has modern and historical districts and is somewhere you can find everything you need. This lively and multicultural city has leisure options for all tastes at all times of the day. If you like discovering new places and cultures, this is your city! Every year Madrid welcomes more than 10 million tourists willing to explore this amazing country.
